Staff Position

A motion was made by Commissioner Barkley to allow Debra Sullivan to hire a general staff position supervised by City Clerk which was seconded by Commissioner Sofer.

Mayor Arbutine stated historically there have been 3 full time personnel in the administration department. When the last full time person left, Debra hired a part time finance position with no benefits which has been a huge cost saving factor. This left a hole in the department which Mary Ellen and Debra covered. Vice Mayor Sofer reminded the Commission that at most times there are only two employees and at unique times there may be only one or in an emergency possibly no one. She recommends hiring an administrative staff person.

Commission discussion ensued to the process and the need for an employee for the city. It was determined that a person is necessary to fill the requirements of the duties and the lack of staff at the current time.

Commissioner Nazario stated Debra Sullivan has taken over the duties of the Public Works Director without any compensation. He suggests a bonus for the work she is doing. He wants the Commission to discuss what they have planned for her compensation. Mayor Arbutine suggests an increase going forward and will discuss this issue along with the Largo public works proposal on a future agenda. Commissioner Nazario suggests that the method of compensation should be determined by the Commission and Debra together.
